Test Schedule Released

Semester test schedule was released this week by Miss Mattie Harms, registrar. Tests will begin on Saturday, May 27, and continued till Thursday, June 1. Seniors graduating in June are exempt from the final examinations, unless they request their direction, require work in substitution for the final exam.

Schedule of tests is listed below. Arrangements for make-up hour courses not appearing in the schedule may be arranged by the instructor.

Senior Women At Reception

Wartburg and Waverly high school women were hostessed by the American Association of University Women at a reception in Elton Laird's home on Wednesday, May 10, from 3-5 p.m.

Mrs. Axel Simonsen presided as hostess for the evening and introduced the new Prof. Wahl, English teacher at Wartburg and president of AAUW, who welcomed the girls as guests of the organization. Jim Pritchard, junior, played two French horn selections, followed by a Wartburg girls' trio consisting of Lois Stein, Eleanor Schlueter and Bertha Miller.

John Nydegger, Waverly high teacher, presented a humorous reading and two short poems. The last number on the program was Donald Miller, voice instructor at Wartburg, singing three selections, "Yesterday" being the prelude. Refreshments were served.

Chell To Speak Ascension Day

The Rev. Erwin Chell, returned missionary, will be the feature speaker at the Ascension Day service, Thursday, May 18, at Schersten Chapel. The Rev. Prof. Lawrence Gulbrandsen, secretary of the board of missions of the United Lutheran Church in America, will be the speaker at the morning worship service.

Breakfast at 7:30 a.m. in the parish house will follow the morning's program for all who attended the service. College officials have announced that no classes will be held at that hour during hall Thursday morning.

Foundation Gives Rules For Hot Polio Months

National Foundation for Infantile Paralysis, noting that polio is striking an increasing number of teen-agers and young adults, issued a message today calling for observance of simple health precautions to help prevent the spread of hot polio months just ahead.

Dr. Mark E. Von Riper, medical director of the National Foundation, said that a spot survey of the 1949 polio epidemic showed 25 per cent of the patients were over 15 years of age, but of this total, 8 per cent were over 20 years. Local chapters have assisted hundreds of college-age polio patients during the past year.

"Only 3.7 per cent of the patients were over 15 years of age in 1944," he said. "This figure rose to seven per cent in 1931 and 19 per cent in 1944."

The National Foundation listed five basic precautions for the May-to-December epidemic danger season. Dr. Von Riper said they are based on the March of Dimes society's extensive research program and the findings of health officials, physicians and hospital officials. These are the recommended precautions:

Keep Children Near.

Keep children with their own friends. Keep them away from persons they have not been with right along, especially in close, daily living. Dr. Von Riper said many persons have a polio infection without showing any sign of sickness, yet may pass it on to others.

Try not to get over-tired. If you have the virus in your system, he said, becoming exhausted may bring on actual polio symptoms.

Keep from getting chilled. Chilling also can aggravate your infection, he said; don't bathe or swim in cold water, and, he said, take out wet clothing quickly.

Keep clean. Wash hands carefully before eating and always after using the toilet. Hands may carry the polio infection into the body through the mouth. Also keep food clean and covered.

Watch for Signs.

Watch for early signs of sickness. Some of the symptoms listed are headache, sore throat, upset stomach, sore muscles, stiff neck and back, fever and trouble in coordination or breathing. Persons coming down with polio may feel very sleepy, he said.

In the event polio does strike, these steps are recommended:

Call your doctor at once and, if possible, have the sick patient quiet, in bed and away from others.

If the diagnosis is polio, Dr. Von Riper said, notify the local chapter of the National Foundation for Infantile Paralysis should be called.

Wartburg's Week

Sunday, May 14.
1:45 p.m.—Chorus, Old Main.
2:30 p.m.—Vesper service, St. John's Lutheran church.

Monday, May 15.
7:30 a.m.—Band and tennis, Iowa state tournament, Ames.
7:30 p.m.—Wartburg-Waverly Association Dinner, Pepper Mill Restaurant.
7:30 p.m.—Chorus, Gordon Bahr and Jim Pritchard, Old Main.
8 p.m.—Voice recital, Little Theatre.

Tuesday, May 16.
7:30 p.m.—Mr. Dewey Kelley of Waverly, Lutheran hour.
8:00 p.m.—Chorus, The Vikings and Male Chorus, Old Main.
10 a.m.-noon—Chapel, Dr. Lawrence Gulbrandsen.
7:30 p.m.—Student council, Old Main.

Wednesday, May 17.
7:30 p.m.—Kappa Lambda Pi, Kate Kuehnert, Old Main.
7:30 p.m.—Faculty-student Activities committee.
8 p.m.—Chorus, Old Main.

Thursday, May 18.
7:30 a.m.—Ascension day service, Schersten chapel.
10 a.m.-noon—Chapel, Dr. E. W. Herzog.
7:30 p.m.—Wartburg Players, Little Theatre.
8:00 p.m.—Chorus, Old Main.

Friday, May 19.
7:30 p.m.—Band, Westminster choir.
8:45 p.m.—Chorus, Joan Bowman and Jim Pritchard, Old Main.

Saturday, May 20.
1:30 p.m.—Baseball, Buena Vista, here.
2 p.m.—Golf, Loras, there.

Light Opera Slated For Fall

"A Night opera may be presented in cooperation by the music department next fall, if all runs smoothly," announced Mr. Robert Bergmann, advisor for Wartburg Players, in chapel Wednesday morning.

A Christmas play will be given again in convocation, and a second-semester production will be presented in February.

"Family Portrait," by Lenore Coffee and William Joyce Cowen, a story of Christ as a child, will be presented during the Lenten season.

"Elizabeth, the Queen," by Maxwell Anderson, "Full Moon at Noon," Day by Elmer Rice are tentatively slated for consideration.

When asked about any new equipment, Mr. Bergmann stated, "Going to try for a new curtain track."

"Sandwiched Box," a late from the Alumnae will be given during July by the Children's Theater class of the summer session.

Theremin Featured In Campus Concert

Like to hear a theremin? One will be featured at the last campus concert, the hour slated at 7:30 p.m. in the Wartburg lounge.

Highlight of the evening will be the mood selection, "Music Out of the Moon" by Harry Revel, featuring the weird, human-like tones of the theremin, instrument call the theremin. Other musical selections will be Mendelssohn's "Scherzo-Caprice Suite," Rachmaninoff's "Second Rhapsody" and music by Jules Stevens.

During intermission refreshments will be served.

Appreciation Told

I wish to thank the faculty and students of Wartburg college for their kindness and expressions of sympathy at the loss of my husband, Robert King.

Mrs. Robert King and children

Swensen Lectures, Tests Blood As Safety Committee Member

By Roger Schmidt

Lecturing and blood specimens are just two of the jobs which are being done by Dr. A. W. Swensen, a charter member of the Waterloo Safety Council's committee on tests for intoxication. This committee, all parts of the United States, has been in operation since Harvard Law School and police officers.

Dr. Swensen, in connection with these jobs, has appeared throughout the state of Iowa. His last lecturing lectured on "Drinking Drivers" at Cedar Rapids, Ames, Waterloo, Ames, Des Moines, Iowa City, Sioux City, Mt. Ayr, Iowa City he appeared under the auspices of Iowa university, while at Ames he appeared under the auspices of Iowa State college.

Speaks To Many.

In addition, he has spoken to about two hundred and fifty service groups such as the Kiwanis, Rotary and Chamber of Commerce, and has appeared as feature speaker at the annual meeting of the Iowa Safety Council.

As a result of the blood analyses which he has made for police officers, Dr. Swensen has been called to testify at a number of court trials, including three manslaughter cases. At Kansas City he took part in conducting a test involving 30 drivers to determine at first hand the effects of alcohol on reactions of drinking drivers are recorded.

"11,000 Killed Annually!

"Eleven thousand highway accidents due to drinking," is as Dr. Swensen, speaking at the Waterloo Rotary meeting, "Thirty-four thousand people injured, and one-half of all of drinking drivers," he added.

"An inferiority complex," according to Swensen, "is one of the reasons people turn to drinking. Drinking causes one to lose his best judgment and provides an escape from society."

This fall Dr. Swensen will address at Des Moines the largest group of Alcoholics Anonymous ever to assemble.

"The unusual make-up of the group gives them a special problem," he said. "Their greatest challenge will have to be presented to them."

Dr. A. W. Swensen

Melchert To Speak

Dr. G. E. Melchert, pastor of Trinity Lutheran church, Waterloo, will speak at the F Day meeting this Sunday, May 14, at 3:30 p.m. in the Little Theatre. His topic will be "Religious Broadcasting."

New Addition Here

A new addition to the Wurthorn family arrived yesterday, Friday, May 12, at 2:30 p.m. when Mrs. William Ehrich, Jr. gave birth to an eight and one-half pound baby boy. Father of the child is Bill Ehrich, junior history major and coach of this year's varsity tennis team. Mrs. Ehrich is the wife of Mr. Jerald Thomas, is the Ulrich's first child.

APG To Hold Press Dinner Friday Evening

Third annual press dinner and second to be sponsored by Alpha Phi Gamma, national honorary journalism fraternity, will be held Friday, May 19, at 7:30 p.m. in the Old Dining Hall. Plans for them for the dinner is "Expanding Horizons."

Omer Bonderud, president of Alpha Phi Gamma, will act as toastmaster. Professor Leslie G. Moeller, chairman of the department of journalism at the University of Iowa will formally open the dinner. Waverly newspapers will speak on "The Problems of the Small Weekly in an Atomic Age."

Editors of the WAPORT, Fortress and Cattle Tales will speak. Miss Wolff, sponsor, advised will give her own personal award for the senior writer. Each person has contributed most to the publications. Special entertainment will also be provided.

Among the people attending the dinner will be the staffs of the three publications, the publications committee, the news bureau, members of Alpha Phi Gamma and the journalism classes.

Chairmen of the various committees are George Roleder, program; Kit Boylan, tickets; Adam Meidlinger, tickets.

Initiation of the new members into the Alpha Phi Gamma fraternity will take place immediately before the dinner, according to Bonderud. The initiates are Carol Van Bergstresser, Janice Fesler, Jim Gaither, Ray Hatcher, Marianne Schmitt and Bob Sutter.

5 Spring Graduates Take Teaching Jobs

Several more Wartburg graduates accepted positions for next year during the past week. In high schools Evelyn Hiincer will teach English and vocal music at Allison, while Bill Lehman will teach junior high at Gilbert Grove.

Elementary teachers who signed contracts last week were Betty Drysdale, fifth grade at Cedar Grove; Merlen Kellner, Fremont (MIDWAY) grade school; Jerry Messing, fifth grade at New London.

Approval Received

Approval of John Meister, freshman, as business manager, and Robert Greunke, sophomore, as managing editor of next year's TRUMPET was given yesterday by the faculty-student publications committee.

Control That Impulse

From Wittenberg college, a Lutheran institution located in Springfield, Ohio, came word this week of a fatal highway accident in which one college freshman was killed and another seriously injured when a truck struck two youths on a highway near the college.

The incident is of particular interest because it happened at 3 a.m. in the morning, after the two youths had been taken into the country as a part of their initiation into Alpha Tau Omega fraternity. They had been blindfolded on their trip out, and were instructed to bring back to the fraternity house a live duck. Ironically, the initiation resulted not in a live duck, but in a dead one.

Evidently the boys had a difficult time finding their way back, became exhausted at about 3 a.m., and for some reason or another, parked on the hard cement highway. They fell asleep and the truck driver was unable to stop before hitting them both, killing one of them.

In the special edition of the "Torch," student newspaper at Wittenberg, the editorial was wise in saying:

"Alpha Tau Omega used a method of hazing pledges which is used by almost every fraternity. They selected the singled out as the only group. It is not only they, but all fraternities and sororities that should thoroughly review their systems of pledge training. But this does not apply merely to members of these groups, but to every person who has ever played a practical joke or hazed any person. Yes, you can kill yourself by falling down the steps or crossing the street, but it would be less dangerous if we thoroughly considered the matter before we ask another to do it for us."

So often it happens that good times turn into tragedy, that laughter is turned into tears, that impulsiveness gives way to deep regret. It is easy to do things on the spur of the moment, but many times it is extremely difficult to undo or forget the consequences that might result.

College life lends itself beautifully to such impulsive action. With a happy-go-lucky feeling, a new-found freedom from home ties and a desire once to gain for oneself the coveted title of "brave individualist," college students find it easy to act without thinking.

But we must realize that impulsive action carries with it a grave danger of serious consequences.

Political Pageant By Wayne Stumme

Leave Russia In!

A show time ago ex-President Herbert Hoover recommended that the United States be withdrawn from international unions. Our honored elder statesman advocated a united front of all those nations who are opposed to "red aggression." He freely admitted that the United Nations' purpose of preserving peace and good will had been perverted by the politics of Russia and her satellites, but he declared that no international organization made up of non-communistic nations should leave the United Nations on the basis of "moral and spiritual cooperation" for peace.

I respect Mr. Hoover very much for his many acts of statesmanship and humanitarian leadership, but I feel that this last proposal of his can have very dangerous consequences. The United Nations is by no means dominated by the constant bickering between the larger nations and the frequent veto-call and indiscriminate use of the veto power by the Russians. Yet it does represent a place were international disputes and controversies can be aired, and where there is at least theoretically a higher authority to provide for the settlement of these controversies.

It would be senseless to conclude that the United Nations has thus been of very little use in resolving the frictions that arise between various countries. Certainly the most spectacular success was the UN mediation that resulted in a peaceful settlement of the Israeli problem. Even the Russians have cooperated with some of the riddles of the UN. Upon this world's insistance, Russia withdrew, albeit reluctantly, troops she had stationed in Turkey during the war. On a smaller scale, the United Nations has settled many minor difficulties, as for instance, the conflicting rights of minority groups within the countries in which they reside. Through the information services, it is building up a sentiment for a real world government that is nothing less of the hearts of the ordinary people everywhere.

It would be tragic if anything short of a shooting war would lead us to exclude the Red nations from the United Nations. As an agency working for peace its influence would be gone, and it would become no more than a military alliance against Communism.

If we still wholeheartedly desire "peace in our time," we must support this institution because it makes for all of its actions, even the which we feel are not completely in the interests of the United States. We must expect these nations who are not in agreement with us, but we must strive for better understanding and cooperation on national levels and especially in the United Nations itself.

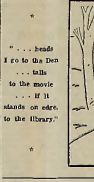
To Do, Or Not To Do



Leader Of Grossmann Hall

Prexy Has 'The Look'

By Rudy Reiberg

"He reads the Postville papers!" was the accusation by his roommate when Art Meyer, junior, was asked how he feels about wasting time.

When the other occupant of room 218, Lo Siefkes, sophomore, made this remark during Art's interview, he received one of those steady, stern looks that eventually breaks into a smile. "That Look" can be taken a few ways, as his neighbors up on second floor Grossmann will soon tell you.

"The Look" is familiar to all students who form a Grossmann prexy strolls out into the hall when he sees fellows become quite busy. A glance at Art reveals that he doesn't measure in rearrmanding, but feels he has the responsibility to set a reasonably quiet.

Aside from he likes being the leader of 127 Grossmann residents, Art said, "It's really tough cracking down when you're just one of the fellows." He recognizes there is still room for improvement in dorm life—even in Grossmann. Yet Grossmanites are a cooperative bunch.*

A Habitual Prexy.

President of Grossmann is just another task to Art, though, as he has the habit of being prexy over large organizations. During the

past year Art has served as president of band, and being voted he was elected president of Kappa Delta Kappa.

Music is definitely his main interest, and he plans music department at Wartburg. Art was but six children when he started playing piano, despite little only six miles from Arlington, Iowa. Through band, advancement and improvement, the music department is now in the middle of a great stage and street dance and more students to Wartburg.

From Family Musicians.

Coming from Postville high school, Art, now a junior, is the first member of the Meyer family to pursue music and this explode the theory of musical inheritance. Traditionally a sagacious, Art may be found late into the evening working on his music. At present he is transcribing a 105-measure piece entitled "Castle Curillon." The music was composed by Dr. E. A. Hovdesven, and Art is arranging it for band.

"Anything worth doing is worth doing well," is Art's motto, as he always puts his best behind his efforts.

His Time Limited.

Roller-skating, developing pictures or playing in the town band in summertime are Art's chief hobbies, but rarely does he get a chance to enjoy these activities. Art is a well-known figure at the Silver Moon cafe and in addition frequently drives the station wagon to bus depots and railway stations.

Regardless of his many duties and worries, Art is a ready source of advice to the student who is looking for a patient listener.

Despite committing the unpardonable sin of wasting time reading the Postville paper, acquaintances will readily forgive Art Meyer after viewing the many responsibilities he carries.

Knights Notch Win Over Loras

By Adam Meidinger

Wartburg notched its third win here Wednesday when the Knights romped to a 9-2 triumph over Loras of Dubuque behind the seven-hit pitching of John Kurtt.

Kurtt won his second game as he walked only one and struck out eight batters in his last three efforts. Loras, the premium frosh Denver has allowed only three runs in 21 innings. Until the Dubuqueans scored in the eighth, Kurtt had twirled a string of 16 scoreless innings.

Three Runs Cross.

The Knights hopped on Art Dallbauer for three runs in the second stanza when Lloyd Spier led off with a single and Bob Roese walked. Dean Price drove in Spier with a one-base knock and Roese scored on Ed Kittleson's fly. Price was plunked by Russ Mueller's smash through short.

Wartburg added two insurance runs in the fourth. Kittleson walked, Mueller was safe on an error, and both scored on Paul Brown's clothesline single.

Bruns Triples

A four-run outburst by the Knights in the eighth blew the game wide open. Roese singled, Price dived on a fielder's choice, Kittleson singled, Kurtt was safe on a fielder's choice, and Bruns cleared the sacks when he unloaded with a triple to left center.

Kurtt had a four-hit shutout going into the eighth, but then Tom Schubert beatled a triple into right and scored on a double by Mike Moul.

The Dubuqueans added another tally in the ninth on a hit batsman, a single and a fielder's choice.

Hits: off Hanson 3 in 7 innings, off Dahlhausen 4 in 2 innings. Hit batsman: Dinn. Wild pitch: Hanson. Passed balls: Kittleson, Kaiser. Umpires: Hoffman and Ryan. Time: 2:00. Attendance: 300.

Softball Under Way

With softball intramurals getting started here this week, the following games have been played:

Grossmann III 8—Off Campus 1

North hall 13—Grossmann II 2

Winning pitchers: Gretchen Bommer, Grossmann III, and Gene Bojanek, North hall.

Losing pitchers Luther Creerman, Off Campus, and Alan Dieterle, Grossmann II.

Wartburg Wins Second Game Over Coe, 8-4

By Adam Meidinger

Wartburg defeated Coe for the second time in as many games this time 8-4, at Cedar Rapids Saturday.

Behind the combined hurling efforts of Paul (Red) Lechner and John Kurtt and the timely offerings of Lloyd Spiller, Spier the Knights made the most of their five hits and five walks to rack up their second win.

Spier Batting Star

Spier, the batting star, was moved from the leadoff position into the clean-up slot and came through with flying colors. The lanky outfielder had three hits for five trips at the plate, including a booming triple, to drive in five runs.

Coe tagged Lechner for two runs in the second and another pair in the fifth. Kurtt flipped shutout ball in the final three frames.

Tally Two In Third.

Wartburg tallied two runs in the third when Bernard Wagner drew a walk, took second on a wild pitch and scored on Spier's triple. Sowers' single. Sowers scored on Spier's triple.

In the fourth, the Knights tallied three times. Price doubled and scored on an overthrow by the catcher. Spier drove in a booted ball. Wagner got his first of three free tickets for first, and both scored on Spier's timely triple.

Wartburg's final trio of runs came in the sixth when Wagner strolled, Sowers attempted to sacrifice a bunt, but both were safe when the pitcher fumbled the ball. Spier plated both with his long triple and scored himself on a long fly by Roese.

ISTC Takes Match

Iowa State Teachers college captured a 7-to-2 tennis victory from Wartburg on a hot Cuffity afternoon last Thursday. Howie Rand and Mel Kreiner won their doubles matches by forfeit to keep ISTC from a whitewash for the meet.

Singles results follow, number one entries for the Knights, might hard to win a greeting. 24-2 and first set, then bowed to Hahn, 13-15, 4-6, 6-1. Howie Rand, playing number two singles, lost a close match to Allen of ISTC, 7-5, 6-4.

Ken Fuchs defeated Bob Herder and Lu Siefkes, 6-2, 6-4 and Ed Kreiner, in a close three set match against Bob Hahn, 6-1, 3-6, 6-4.

From Badger State, Bobby Earns Title Of Athlete-Of-Week

By Marsh Becker

From Kaukauna, Wisconsin, comes this week's Athlete-of-the-Week, Robert (Bobby) Campbell. His first-place showings against Coe and Loras in the Wednesday track meet last Saturday and the Upper Iowa track meet on Saturday helped Bobby to attain the "AW" club recognition.

Against Upper Iowa, Bobby collected 10 of Wartburg's 47 points. His first place in the broad jump accounted for five points, while five more points were gained because of his place in the three-way tie in the pole vault.

Last Saturday at the Viking Olympics meet, the 19-year-old sophomore scored points in two distinguished fashions. He took first place in the pole vault with an 11 feet, 2½ - inch jump, the best mark he has ever made. His 20-foot, 11 3/4-inch broad jump better his mark by a half inch. Upper Iowa by over three inches, but Bobby Campbell failed to hence him with a first-place medal.

Since his high school days, the happy-go-lucky Bobby has gained renown on the cinder track. He won four letters in track, and, although he was injured in all, he made success any that he was one of the finest hockey men on Kaukauna Center high school team.

At Wartburg he participates successfully in football, basketball and track. While competing for honors in some school event, Bobby winning the "Most Hustle" may be seen among the players of the football and basketball squads. Bobby's hustle, occasion much of his time during the non-sport seasons.

Bobby, like many of the athletes here at Wartburg, plans to enter the coaching profession when he graduates.

Golfers Lose To TC

Golfers from Iowa State Teachers college outshot Wartburg cinder swingers 10½-4½ Tuesday afternoon on the Waverly course. Wartburg's Art Miller easily led the field with a sharp 74 on the par 70 course, followed by Bob Morasch, Mark Klatt and Paul Schwerin. Morasch had a respectable 80, Klatt 85, and Schwerin, 86.

Cindermen Barely Miss 1st Place At Augustana

By Rudy Kalberg

Knight tracksters fell one and one-half points short of snatching top honors at the Viking Olympics at Rock Island, Ill., last Saturday when they were edged by the host school, Augustana, 47½ to 46, in the seven-school meet.

Results of the all-Lutheran affair were as follows:

Augustana	47½
Wartburg	46
St. Olaf	29½
Augsburg	28
Luther Adolphus	24 2/3
Concordia	22
Carthage	1 1/3

Augustana captured the meet in the last event when it edged Wartburg's foursome in the mile relay. The Augustana quartet substituted on the first leg and managed to drive the baton the three-way by five yards.

Five In 13 Events.

Disregarding the fact that Wartburg was the smallest school in the meet, Coach "Ax" Bundgaard's Orange-and-Black squad placed men in 12 of 13 events, winning two first places.

Repeating as Viking champs for the second consecutive year, Waldo Platte and Bob Campbell accepted Wartburg's two first places. Platte received his stiffest outdoor competition this year, both from the wind and opponents, as he won his two-mile race by a 10-yard margin.

Campbell unveiled the springs in his pole-vaulting arms, clearing 11 feet, ½-inch with the bamboo. This mark is the best of his pole-vaulting career. Teammate Jack Bestrack continued to be impressive as he reached 11 feet, 6 inches to tie for second place. Campbell also sailed for 20 feet, 11 inches in the broad jump for a first place.

DeYoung Sprint Workhorse

John DeYoung was again the workhorse in the sprints for the Knightmen as he picked up the expected points with fourth places in both the 100- and 220-yard dashes. Ralph Yates failed to repeat last year's victory in the 440 run, as he was beaten by mere inches in a close decision.

The half-mile run provided another close finish, with Yates forcing Blair and Rockwell fourth in the event. Welty of Augustana repeated as Viking champ, running a fast 2:04.8 despite a sopsy track and a crowded field. Lynn Brown placed third in the 440-yard dash, as the quartet was run in three separate heats, the places being determined by the best times.

Thompson of Carthage set the pace now and he rolled over the crossbar at 6 feet, 3½ inch to take the high jump honors and repeat as last year's victor.

Jim Dunsch continued to throw his weight around in the field events by taking a fourth in the shot put and a surprising second in the discus. Bestrack placed fourth in the platter throw. Jim Becker came within two feet of winning the javelin throw yet had to be satisfied with third place.

Thinclads At Luther For Qualifying Meet

Today the track team is traveling to Luther to compete in the Iowa conference north division qualifying meet. This meet will determine the thin-clads who will compete in the final Iowa conference meet at Iowa next Friday and Saturday. The six best men in each event today will qualify for the conference finals.

Coach "Ax" Bundgaard expects the Knights to show up strong on the distances today. He is hopeful to have both Yates and Rockwell in the half-mile and possibly another Ron Platte and Freshman Keith Beaver, in the two-mile department. With their continuing improvement, the pole-vault twins, Campbell and Bestrack, are both possible qualifiers. Bobby also has a good chance to qualify in the broad jump.

In the mile, Yates is favorite to make the grade. The mile relay team should also qualify. Other possibilities are DeYoung in the dashes and Sandman and Sachtleben in the weights and Becker in the javelin.

Last 'W' Club Meet Set For Tuesday

Last meeting of the "W" club will be held Tuesday, May 16, at 7:15 p.m. in the North classroom of the Knights gymnasium.

Eldon Reich, sophomore president-elect, will occupy the chair for the business session. All "W" club members are urged to attend this final meeting, according to Harold Wittshire, incumbent president.

'Dating And Courtship' Subject Of Convo Panel

By Bill Boyken

Dating and courtship was an apropos subject for the latest student forum at convocation last Tuesday, for, as Dr. Carl F. Reuss, moderator, stated, "I guess some of it goes on here at Wartburg."

And, more than anything else, the panel convinced its audience that the college campus has many disadvantages to offer the person looking for a mate.

Members of the panel were Ronald Oswald, junior, Katherine Siefkes and Russ Lemke, sophomores, and Bonnie Bulkin, Dick Siefkes and Bunny Bulkin, freshmen. Panel members are this semester taking the course in marriage and the family taught by Dr. Reuss.

Situations Varied.

Main advantages of the college campus in the courtship routine were the facts that here students are able to meet persons who have approximately the same background and religious convictions as themselves, and that they are able to observe each other in a wide variety of situations.

When Dick Siefkes made the statement that he believed 80 per cent of the women going to college were looking for a husband, Shirley Smith was quick to reply, "Where else is there a better place than a Christian campus to find a husband?"

Main selection made to the present dating pattern at Wartburg was the fact that "girls need go together only two or three times to measure the status of going steady." All the panel members seemed to agree that to find out what a person really wants more "shopping around" would be desirable.

Lemke Supplies Laugh.

Biggest laugh of the program occurred when Russ Lemke was asked what he thought what a couple could do on a date.

"Couples should use their imagination," he said, "and try to do something different. They can put their heads together."

That's where a roar of laughter interrupted his sequence of thought.

A brief period of audience participation showed that everyone has his own idea about dating and the way to select the person to marry. And, after all, perhaps that's the way it should be—for then everyone can be satisfied.

Annual Excursion On Players Agenda

Annual spring picnic at Lime Rock Mill, Thursday, May 18, from 6 p.m. to 7:30 p.m. will climax the Players' activities for Wartburg Players, dramatics club, as announced by George Schaefer, president.

Young Profs Lecture

Youngest professors on the Wartburg campus last week were claimed by Miss Hazel May Snyder's child psychology class.

On Monday David Grube, a Waverly sixth grader, lectured to the class about "Iowa City—Best Speech Clinic in the United States."

David and Lorraleen Odegard, three and five years old, presented educational puzzles to the class on Wednesday.

LSA, FTA To Join In Picnic Monday

Lutheran Student association's meeting next week will be a joint picnic with Kappa Delta Kappa at Island park, Cedar Falls, Monday, May 15. All students planning to attend the picnic are asked to meet in front of Wartburg hall at 5:30 p.m. Transportation will be provided.

Final count of the LSA action contributions from the mid-week Lenten services at St. Paul's Lutheran church amounted to $266.99, bringing the total for this year up to $370.50.

Plans for next week's meeting on May 21 include installation of the new LSA officers.
